Accepting It Will Have Deadly Consequences For Us! Most Will!

## The Great Reset

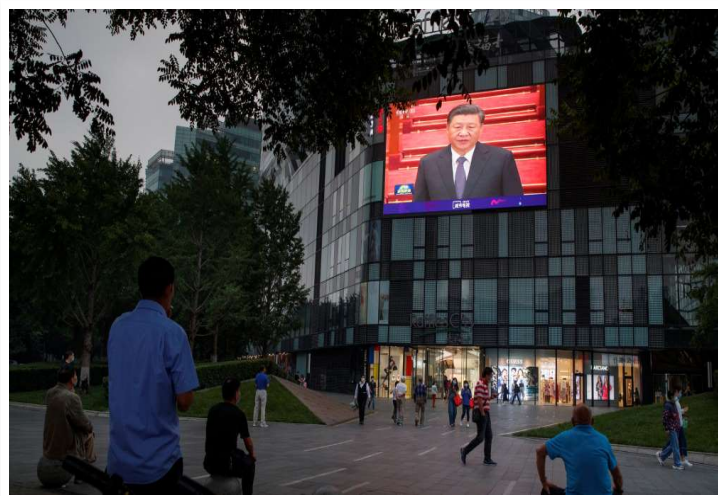

Economic Shutdown - Food Bank Lines - COVID-19 Virus - In 2020

Because of these concerns regarding hyperinflation and the stock market crash there was total chaos, globally! Everyone panicked so much that there was a run on the banks so all of the banks were forced to close. Some have since reopened. The media and the press had 24/7 coverage of all of this on every tv channel.

Some businesses were forced by the government to temporarily close their doors during which time government employees examined business records to any companies/corporations they wanted. Also, the internet and all social media sites were shut down so they could start a new internet service with only government sanctioned streaming news programs. The reason they said was that it was a necessary evil and we had to accept it.

Now they're telling us on the daily news reports that some sort of global restructuring is going on behind the scenes involving all of the world's financial markets, economic blocks, and that everything will

### The New World Order

#### One Possibility!

In regards to the current economic situation, because of last year's global recession and also the recent economic slowdown a catastrophic global economic crisis has occurred.

After the stock market crashed, all of the financial markets were closed for two weeks. Many were in a state of shock!

Hyperinflation, already a concern in Latin America had begun to affect other economies as well.

One could buy a cup of coffee for a million bolivars in Venezuela 2018

be okay. The other day we heard they would be implementing a new global cashless system any day now and when this happens we will no longer be able to use cash. Biometric and rfid systems/alternatives are being installed everywhere. Our hands, fingers and retinas were scanned and recorded for this new biometric system.

Our newly appointed global leader made his first appearance and he somewhat explained our economic situation. Everyone's shocked that all of this has so suddenly come to pass after the recent stock market collapse. It's difficult to believe this is really happening. It's crazy. Everything that the global president says now

becomes the law. NWO banners and slogans are showing up everywhere, throughout every neighborhood, street, and city. Massive tv displays are being installed throughout every region and major city. These are easily visible and are currently displaying the daily news reports.

We all agree martial law has become a reality. U.N. troops, the military police, and the local police have been stationed throughout every city. I never imagined anything like this could happen! Biometric and rfid identification systems are an everyday part of life. Everything's gone digital overnight. Those who have resisted this new system and are trying to live off the grid are already facing serious problems going about their daily lives.

Just recently there were new policies established for the masses regarding those who haven't gone in and received their biometric identification stating that it's now considered mandatory!

A friend of mine and his family had decided not to be included in the biometric program were on their way to live underground at one of their relatives properties. They were then stopped at one of the many local law enforcement checkpoints. Afterward he and his wife and kids have turned up missing and they haven't been seen or heard from since.

I really hope they haven't been sent to an internment camp!

Living in a global fascist state!

## Soylent Green Or Bugs Your Choice!

Soylent Green Wafers

### Soylent Green the Movie!

A nightmarish futuristic fantasy about the controlling power of big corporations and an innocent cop who stumbles on the truth.

In the future food shortages are so extreme that a jar of strawberry jam is \$150 and people weep at the sight of beef. Housing in New York City, where "Soylent Green" is set, is only affordable to the richest of the rich. The elite, they're called.

Everyone else sleeps in their cars — or on the street.

At this time the Earth is overpopulated and totally polluted; natural resources have been exhausted, and the nourishment of the population is provided by Soyent Industries, a company that makes a food consisting of plankton from the oceans.

Most of the World's population survives on processed rations produced by the massive Soyent Corporation, including Soyent Red and Soyent Yellow, which are advertised as "high-energy vegetable concentrates". The newest product is Soyent Green: small green wafers which are advertised as being produced from "high-energy plankton". It is much more nutritious and palatable than the red and yellow varieties but, like most other foods, in short supply which often leads to weekly food riots.

In New York City, when Soyent's member of the board, William R. Simonson, is murdered, apparently by a burglar at the Chelsea Towers West where he lives, efficient Detective Thorn is assigned to investigate the case with his partner Solomon "Sol" Roth.

Bug Burger - Made From Buffalo Worms

Thorn comes to the fancy apartment and meets Simonson's bodyguard Tab Fielding and the "furniture" (woman that is rented together with the flat) Shirl and the detective concludes that the executive was not a burglary victim but executed. Further, he finds that the Governor Santini and other powerful men want to disrupt and end Thorn's investigation.

But Thorn is determined to continue his work and discovers a bizarre, disturbing secret of the ingredient used to manufacture Soyent Green.

Edible Bag Of Seasoned and Crunchy, Crickets, Grasshoppers, Silkworm Pupae, & Sago Worms

A Common Sight These Days In A Shopping Center Parking lot!

Toward the end of the movie Thorn is injured and taken away by paramedics, and shouts out, “SOYLENT GREEN IS PEOPLE!”

Dead People to be exact!

Here's what we might expect soon in the New World Order diet.

### Comparison to Pre-Collapse Times

In wealthy countries, in pre-Collapse times, it was customary for people to buy most of their food at large, corporate warehouse-stores called 'supermarkets'. Often, when people see pictures of these facilities, their reaction is that the photo must be a fake. The vast size, the piles of fresh-looking and exotic vegetables, the shelves and shelves of varied boxed and bottled and immaculately wrapped products, the neatly plastic-wrapped, perfect-looking meat, it seems impossible. It's all historically accurate, though. Those images are nothing like the modern reality of going to market, and it's hard for us today to imagine how this magical fantasy land of food that our ancestors took for granted was even physically possible.

The New World Order has not come close to restoring the pre-Collapse global food system, but with decades to reshape the ruined global systems of the early 21st century, a global trade and transportation network, and access to the entire world, they have been able to shape a new global food system which by and large is fairly enviable relative to a purely local food system.

## The Future Of Money: Gearing Up For Central Bank Digital Currency

IMF speech made on February 9, 2022

Let me start by thanking the Atlantic Council for providing a fitting venue to discuss central banks' forays into Digital Currencies.

Since its founding in 1961, the Council has made important contributions to strategic, political, and economic policy debates. Those debates have served us well, helping us to test the boundaries of our thinking and be better prepared for what lies ahead.

So, today, we aim to test our thinking again. We have moved beyond conceptual discussions of CBDCs and we are now in the phase of experimentation. Central banks are rolling up their sleeves and familiarizing themselves with the bits and bytes of digital money.

These are still early days for CBDCs and we don't quite know how far and how fast they will go. What we know is that central banks are building capacity to harness new technologies—to be ready for what may lie ahead.

**The Goal Of The Illuminati Is A 'New World Order'**

The Illuminati's 'Eye In The Triangle'

knows no bounds.

It is also their target to depopulate the globe and maintain a much lower population compared to what we have now.

There are certain methods of subjugation and control which are indispensable to the Illuminati.

One is, of course, complete authority over all financial systems, especially borrowing and lending.

With all banks under their direct supervision.

At the highest level the World Bank decides the fate of countries.

And it is an interesting and amazing fact that both the Federal Reserve Bank and the Bank of England are controlled by these Illuminati dynasties, in spite of the names of these banks.

It has been said that both Abraham Lincoln and John F. Kennedy wanted to change this system.

When A Real Power Move Is To Be Made It Will Be Done Suddenly!

If you want to bring about a "New World Order", you must first crash the current system.

Their Goal Is To Collapse & Sink The Dollar

Currency under the purview of a World Government.

The perception is that our day-in day-out world is real.

The truth is that this world is a hoax, an elaborate deception spun by an all-powerful Illuminati controlled secret society presided over by the global elite.

The Illuminati call the shots in every major upheaval that they cause.

Their sphere of activity extends over the entire globe.

Their ambition and greed for wealth and power

Bohemian Grove - Owl Shrine. Where powerful men go to meet once yearly.

The Illuminati will never allow their global hegemony to be destroyed.

The expression of this global control has been the US dollar.

They will trigger a global fiat currency meltdown.

All fiat currencies will be attacked and will collapse.

The last currency to collapse will be the US dollar.

They will then bring in a One World Digital

There's going to be a somewhat prepared response for any controlled opposition, but the need for this is going to be relatively limited since there's not going to be a realistic threat to these Illuminati and their plans.

## Surveillance Cameras With Computer Chips Or Smart Sensors That Predict And/Or Sense Criminal Activities, Alerts Police

With sophisticated cameras and smart sensor systems, law enforcement agencies and transportation departments across the United States are now able to proactively monitor and respond to crimes or accidents as they unfold; the sensors can also assist transportation departments in analyzing traffic patterns in real time; the system could allow officials to change one way streets, design real time traffic signals, and multiple speed limits to make traffic flow more smoothly.

The East Orange New Jersey police department was the first U.S. agency to install a Smart Imaging Sensor system as part of its broader network of security cameras around the city.

These smart sensors process images that the high-resolution cameras record in real time and can automatically detect and/or predict when a crime is occurring. When it senses something it will alert law enforcement officials instantly.

Government agencies and business around the world have already taken notice of predictive sensors.

Recently, an automated camera system called AI sight (pronounced eyesight), was installed in Boston after the 2013 marathon bombing, that monitors camera feeds in real time and alerts authorities if it spots unusual activity.

AI sight cameras use a statistical method called machine learning to learn what is normal for an area and then alerts on abnormal activity. That could be picking up anything from unusual loitering to activity occurring in restricted areas.

## The NWO Dictator

It is a fact that advocates of the New World Order will attempt to fulfill the world's messianic expectations with an antichrist. 2nd Thessalonians 2:3-4 tells us that the last days will not come until "the man of sin is revealed, the son of perdition," commonly called the Antichrist. He will sit in the Temple in Jerusalem and demand to be worshipped as God. 2nd Thessalonians 2:8 He is also called "the beast," in the Book of Revelation. This tyrannical world dictator will be empowered by Satan and be the embodiment of all that is opposed to God.

Like Hitler the antichrist will "have a mouth that will speak very great things, and his look will be more imposing than his fellows." He will think to change times and laws and is referred to as "The King of fierce countenance" who shall "have an understanding of dark sentences." Daniel 7:20, 25; 8:23 Because

The "Son of Perdition", "Antichrist",  
"Beast", "Man of Sin", "NWO Dictator"

of this man all, both small and great, rich and poor, free and slave, will be forced to receive a mark on their right hand or on their foreheads, so that no one may buy or sell except one who has the mark, or the name of the beast, or the number of his name. Rev 13:16-17

This man will come on the scene and will offer to lead the world into total peace. He will be recognized throughout the world as a man of peace. He will promise to solve the Middle East conflict. He will bring harmony in the ecumenical-ecclesiastical church. He will offer economic solutions to the world's problems. He will arise as a world leader of peace and prosperity and reign exactly three and a half

years as the world's greatest dictator.

Beware of when this man appears on the world scene. His leadership will take the world into a Great Tribulation of terror, wars, suffering and death.

## THEY LIVE - The Movie

'They Live' is a 1988 American science fiction horror film written and directed by John Carpenter. The film stars Roddy Piper, Keith David and Meg Foster. It follows a nameless drifter (called "John Nada" in the credits), who discovers the ruling class are in fact concealing their appearance and manipulating people to spend money, breed, and accept the status quo with subliminal messages in mass media. Based on Ray Nelson's short story Eight O'Clock in the Morning, the movie is one of those rare subversive stories that forces viewers to

question their world and their surroundings.

Right from the beginning, as we see Nada walking around Los Angeles with his backpack, the movie sets a particular mood: Something is not quite right. While Nada appears to be a happy-go-lucky kind of guy, the city is not happy and it is not too kind to happy-go-lucky kind of guys. Quite the contrary, there is a sense of impending doom in the air: Poverty is rampant, helicopters fly around the city and street preachers speak of soulless beings ruling the world.

A preacher's description of the "masters" is applicable to the Illuminati.

Seeking shelter Nada enters an empty church and discovers a hidden box. In an alley, he opens the box and finds dozens of sunglasses. Taking one, he hides the box of remaining sunglasses in a garbage can.

Nada discovers the sunglasses have unique properties. After putting on a pair, he sees the world in black and white and discovers it is not what it seems. Media and advertising hide constant subliminal totalitarian commands to obey and conform. When viewing those of wealth and authority Nada discovers they're not human.

"Rowdy" Roddy Piper As John Nada

When he has his sunglasses on, Nada sees through the smoke and mirrors projected by advertisement and mass media. He only sees the core of their message and the only reason why they exist. No matter which magazine Nada flips open, he sees the same subliminal messages, which tells a lot about the true function of "celebrity" and "fashion" magazines. Despite the fact that they are all different, they all ultimately serve the same purpose: To reinforce messages from the elite to the masses.

We're living in two worlds, you and I.

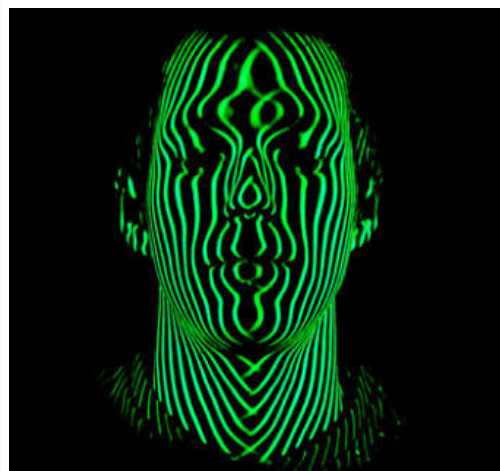

There's the world we see (or are made to see) and then there's the one we sense (and occasionally catch a glimpse of), the latter of which is a far cry from the propaganda-driven reality manufactured by the government and its corporate sponsors, including the media. Indeed, what most people perceive as life in a privileged, progressive and free society – is a far cry from reality, where economic inequality is growing, real agendas and real power are buried beneath layers of Orwellian doublespeak and corporate obfuscation, and "freedom," such that it is, is meted out in small, legalistic doses by militarized police armed to the teeth.

All is not as it seems.

"By the end of this decade we will live under the first One World Government that has ever existed in the society of nations ... a government with absolute authority to decide the basic issues of human survival. One world government is inevitable." -Pope John Paul II

## Body Check

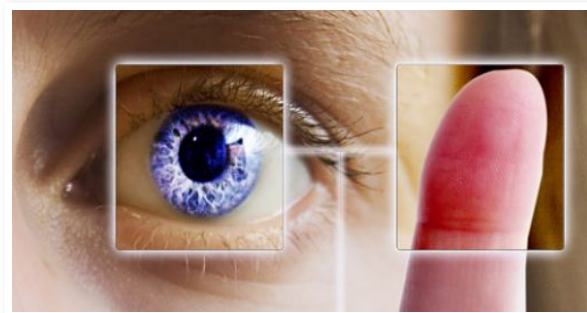

(Dynamic structured light acquisition techniques use a set of lines projected onto an object of interest to generate a 3D surface. Fingerprints or facial scans can be acquired using this method without the need for contact, making acquisition possible from a distance)

In recent years a number of countries have initiated biometric schemes aimed at protecting their borders. Although they are typically launched amid claims that they will accelerate the immigration process, this isn't always their central purpose, and frequently the new systems culminate in long queues.

Back in 2002 Australia unveiled its plans for SmartGate, a system that uses biometric facial recognition technology linked to the passenger's e-passport.

Recent travellers in the US may have been taken by surprise by a new biometric security system in place at key airports, which requires ten fingerprints for identification. Clear Cards, which carry biometric information, have been used by Americans since 2005.

CLEAR is a private program that uses biometrics – your identity is verified through a scan of your iris or fingerprints, depending on which image is most distinctive. Clear's biometric identity verifier is now in 24 airports (34 soon) and eight sports stadiums.

Clear ID Pass document is available to US citizens and permanent residents. In addition, to the documents required to apply for the ID, applicants were required to submit digital images of their fingerprints and iris scans, as well as a digital photo before they are issued the document. Clear then "creates and stores a template, or mathematical representation, of the fingerprints and iris images, to create a unique biometric ID of the Member."

All of the data submitted by the applicant is sent to TSA, which creates

an applicant's "security threat assessment" based upon a background check that's included its controversial "no-fly lists." After the verification process, each approved applicant is issued a "card" that allows them to access designated airport security fast lanes for processing through security at airports nationwide. The card also gives access to discount parking and speedy entry into major sports venues.

Dubai has established e-gates where registered passengers swipe an ID card and pass through a fingerprint scan, and the Netherlands has introduced Privium, a paid-for iris scanning service that offers a range of benefits, including lounge access and fast-track check-in.

## e-Borders

Now e-Borders (electronic borders), a programme run by the UK Home Office's UK Border Agency at a likely total cost of £1.2bn, aims to tighten security at the country's borders. e-Borders is a joint programme run in partnership with the police and intelligence agencies. It requires commercial carriers

and owners, or operators, of all vessels to submit detailed passenger, service and crew data in advance of their departure to and from the UK.

('Illuminati' means 'enlightened ones'. They believe they have ultimate wisdom and truth. The illuminati have been a closely guarded secret for centuries. The Bavarian Illuminati are going to bring in this 'New World Order'.) Youtube video on ["The Illuminati/All Seeing Eye"](#) .

The Illuminati New World Order (NWO) conspiracy is for real.

It is unfortunate, but true.

It would be hard to believe that such an unsavory conspiracy that is so massive, so far reaching and and so dark, has a strangle-hold on humanity's very existence and its way of being.

The Eye Of Horus (Osiris)

If you are wondering if it can be true, read the quotes throughout this page for the words from presidents and world leaders who profess its coming success and its reality.

It has been a plan that has been in development for

many generations, and the final chess moves are about to take place.

There are secret societies behind the world's most powerful governments, and the masses are seen as "chattel," animals to be controlled, manipulated, influenced, and used as they see fit.

While you have enjoyed many freedoms in your life, you are not as free as you have thought you were, and the freedoms you have will be fully removed if the New World Order conspiracy has its way.

It is not a conspiracy, really. It is an agenda that is put out in the open.

The New World Order is being established by the Elite of the Elites and consists of the international bankers, top government officials, leaders in the energy cartel and media monopoly owners including the Power Elite of 13 Old Line Families through the years.

This group envisions a one world banking system and currency that will give in to a cashless computer financial system, one world centralized control of global population, global control of the world's environment, economy, trade and army.

But before they fully realize their goals there's going to be more and more false flag operations occurring with new laws being established and security cameras going up everywhere.

A giant step has already been taken in the year 1945 when they drafted and created the United Nations.

These men have unbelievable power and they have spelled out their agenda in advance.

That global agenda is constructed around six goals.

Goal #1 : The establishment of international economic order (cashless society)

Have The Elite Planned Another Global Depression?

On October 29, 1929, The Stock Market Crashed. Will it happen again? Will the world this time be rescued by and come under the control of a complete madman?

The NYSE. The world's largest stock exchange market. US stocks plunge amid Wall Street crisis - 29 Sept 08. A crash was so close to happening again.

Security cameras in N.Y. city.

**Goal #2: The establishment of a one-world government**

**Goal #3 : The conquest and subjugation of two super powers (USA and USSR)**

**Goal #4: The ascension of the United States of Europe as the dominant nation in a Confederated one-world government**

**Goal #5: The ushering in of a supreme world leader to preside over the new unified one-world government**

**Goal #6 : The establishment of a one-world religion which will coordinate all the world's religions, cults, faith groups and spiritual beliefs under the guidance of Supreme Pontiff**

The method by which these are going to be brought about will most likely be either a manufactured GLOBAL ECONOMIC DEPRESSION, THIRD WORLD WAR, or MAYBE BOTH. It has been said that Albert Pike or the Freemasons have established a plan long ago that calls for Three Major World Wars that they will use to bring about their Masonic goal of a NEW WORLD ORDER.

## **Video Surveillance Gets Smarter**

The City of Chicago's Office of Emergency Management and Communications and IBM implemented one of the most advanced city-wide intelligent security system ever conceived. The engagement is a part of Chicago's Operation Virtual

Shield, a project that encompasses one of the world's largest video security deployments.

IBM helped the City experts and network engineers to design and implement a surveillance strategy infrastructure to capture, monitor and fully index video for real-time and forensic-related safety applications. This entailed building a unified fiber network throughout the downtown Chicago area, deploying a critical wireless infrastructure to offer flexibility as required, installing hundreds of new surveillance cameras, linking thousands of preexisting cameras to the network, and creating a fully redundant backend system to monitor the video, store the images and allow for business continuity and disaster recovery applications.

Chicago's security solution is designed to provide several benefits to both city officials and citizens including: real-time video surveillance intelligence for proactive homeland security monitoring; faster response time to emergencies; more effective deployment of emergency responders; and increased travel efficiency through traffic congestion tracking.

Many things go unnoticed in big cities every day, but that world has now changed in Chicago with this video surveillance system that can recognize anomalies and alert authorities to take a closer look.

"Chicago is really light years ahead of any metropolitan area in the U.S. now," said Sam Docknevich, who heads video-surveillance consulting for IBM.

Chicago already had thousands of security cameras in use by businesses and police - including some equipped with devices that could recognize the sound of a gunshot, turn the cameras toward the source and place a 911 call. But the current system will let cameras analyze images in real time 24

hours a day.

"You're talking about creating something that knows no fatigue, no boredom and is absolutely focused," said Kevin Smith, spokesman for the city's Office of Emergency Management and Communications.

This system can be programmed to alert the city's emergency center whenever a camera spots a vehicle matching the description of one being sought by authorities.

The system can also be programmed to recognize license plates. It can alert emergency officials if the same car or truck circles the Sears Tower three times or if nobody picks up a backpack in Grant Park for, say, 30 seconds.

"Cities today are faced with ever-increasing threats and advanced security surveillance systems can be a critical component in ensuring safety," said Mike Daniels, senior vice president, IBM Global Technology Services. "IBM is proud to be a part of Operation Virtual Shield and the City of Chicago's visionary approach to homeland security."

"If you want a vision of the future, imagine a boot stamping on a human face -- forever." George Orwell author of Nineteen Eighty-Four, a glimpse at a dystopian future where the world is run by totalitarian regimes.

## Panoptic Surveillance See-Thru 3D System

A Panoptic Video Surveillance See-Thru 3D System could be loosely described as a formalised, scalable implementation of X-ray vision. The system enables one or more surveillance agents, using a single high resolution, auto-stereoscopic display, to remotely monitor the security situation of an arbitrarily large number of locations at-a-glance.

The system would allow a single agent to monitor thousands of places at the same time without overwhelming them with the massive amount of information being processed and displayed. It enables this by using artificial intelligence to determine what's important to look at.

The surveillance agent's mental load is radically optimized towards monitoring only what is most critical to security: presence and movement of (groups of) people and vehicles inside a campus/site and its buildings as well as any security-sensitive events (such as fires, smoke, badge access, assemblies, gun-shots, people running etc).

Agents can see, hear and transport their focused viewpoint through walls, floors and ceilings, zooming into a specific location to monitor it at a level so acute that it seems beyond the levels of even science fiction.

Designed to enable both wholistic site-wide and granular-level security, the system is ideal for monitoring airports, shipping ports, transit sites and other ports-of-entry, hotels, casinos, shopping malls, campuses, military bases, large buildings and building complexes, offering total situational awareness at a glance.

## Weather As A Force Multiplier

### Owning The Weather In 2025

In 2025 US aerospace forces can "own the weather" by capitalizing on emerging technologies and focusing development of those technologies to warfighting applications. Such a capability offers the warfighter tools to shape the battlespace in ways never before possible. It provides opportunities to impact operations across the full spectrum of conflict and is pertinent to all possible futures. The purpose of this paper is to outline a strategy for the use of a future weather modification system to achieve military objectives rather than to provide a detailed technical road map.

A high risk/high reward endeavor, weather modification offers a dilemma not unlike the splitting of the atom. While some segments of society will always be reluctant to examine controversial issues such as weather modification, the tremendous military capabilities that could result from this field are ignored at our own peril. From enhancing friendly operations or disrupting those of the enemy via small-scale tailoring of natural weather patterns, to complete dominance of global communications and counter-space control, weather modification offers the warfighter a wide range of possible options to defeat or coerce an adversary.

Technology advancements in five major areas are necessary for an integrated weather modification capability: (1) advanced nonlinear modeling techniques, (2) computational capability, (3) information gathering and transmission, (4) a global sensor array, and (5) weather intervention techniques. Some intervention tools exist today and others may be developed and refined in the future.

"With our 128 byte face template size, the smallest in the industry, we can perform matching on a database of 7.5 billion people (the world population) in 4.69 seconds. With speeds at this level coupled with superior

accuracy and scalability, Aureus 3D Version 5.7 will change the industry. There's nothing of its kind anywhere."

Aureus 3D Version 5.7 provides the easy to integrate and easy to deploy high-performance face recognition solution demanded in a wide variety of applications including loss prevention and security, access control, law enforcement and Safe City, and hospitality and gaming. Aureus 3D Version 5.7 is the perfect enhanced video analytic now required by industry leading VMS and PSIM systems.

A proprietary 2D to 3D face modeling technology mitigates the challenges of pose, lighting, and expression in combination with a novel deep neural network architecture that provides enhanced discrimination capability at high speed with low memory requirements. Providing OEM's, solution integrators and end-users with the industry's best facial recognition technology for a broad spectrum of real-world government and commercial applications.

CyberExtruder's 2D-to-3D conversion is certainly an important innovation to the security and biometrics technology industries. Why? It enables better matching between offline photographs and surveillance video. While the matching of "watch list" images against surveillance video has traditionally achieved mixed results as a result of inadequate lighting, angle, expression, etc., this patent could signify a leap forward in terms of the quality and value of 3D facial images.

Research has focused on solutions to solve facial recognition's weakest operational elements – Age, Pose, Illumination and Expression (known as the APIE problem).

The benefits of holistic 3D approach to face recognition are particularly evident when viewed in the context of mitigating errors in face matching due to subject pose (the angle of the person's face relative to the camera) and expression (the person's innate ability to deform their face).

Years of research have been aimed at developing ways in which a computer can not only understand how a human face is composed, but also how to differentiate one face from another. Security features which can now be applied across markets like loss prevention, financial services, law enforcement and security, healthcare, defense and intelligence and a myriad of marketing and customer service applications.

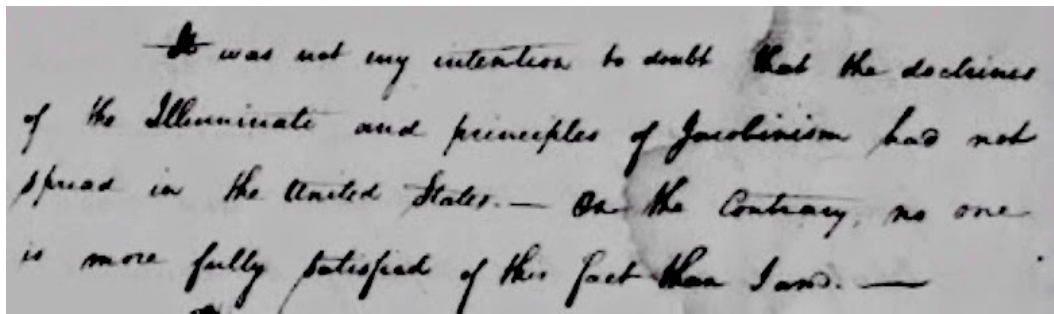

"Let me control a peoples currency and I care not who makes their laws..." Meyer Nathaniel Rothchild in a speech to a gathering of world bankers February 12, 1912. The following year, we subscribed to the "services" of the newly incorporated Federal Reserve, headed by Mr. Rothchild.

The Illuminati Arrive In America - 1785

(George Washington (1732-1799) Founding Father, 1st US President, 'Father of the Country'. He spoke of the Illuminati in a letter written to the Reverend G. W. Snyder (24 October 1798). He said: "It is not my intention to doubt that the doctrines of the Illuminati and the principles of Jacobinism had not spread to the United States. On the contrary, no one is more fully satisfied of this fact than I am".)

Washington issued several warnings shortly before his death, about the Illuminati. Washington knew that the Illuminati, based in Europe, had arrived on American shores. In 1789; John Robison, a Scottish scientist warned all Masonic leaders in America that the Illuminati had infiltrated into their lodges and on July 19, 1789; David Papen, President of Harvard University, issued the same warning to the graduating-class and lectured them on how Illuminism was having an influence on American politics and religion, and to top it off; John Quincy Adams, who had organized the New England Masonic Lodges, issued his warnings.

George Washington concerning the Illuminati

In 1785, the Columbia Lodge of the Illuminati was established in New York City. Among its members were Governor DeWitt Clinton, Horace Greeley (politician and editor of the New York Daily Tribune), Charles Dana, and Clinton Roosevelt (the ancestor of Franklin D. Roosevelt). Roosevelt wrote a book called Science of Government Founded on Natural Law, in which he wrote: "There is no God of justice to order things aright on earth, if there be a God, he is a malicious and revengeful being, who created us for misery." He referred to himself and other members as the "enlightened ones," and said that the U.S. Constitution was a "leaky vessel" which was "hastily put together when we left the British flag," and therefore needed revision.

In 1786, a lodge was started in Portsmouth, Virginia, where allegedly, Thomas Jefferson was a member; followed by fourteen others in different cities of the thirteen colonies.

In April 1793 France sent new ambassador Edmond Genet to America so he could collect payment for the American debt incurred during the American Revolution. The money was to be used to finance France's war with England. However, his real reason for being here was to gain political favor for France and spread Illuminism, which he did through the establishment of 'Democratic Clubs.'

Washington said of "the clubs" that they "...would shake the government to its foundations."

### The 'New World Order'

Soon this world will be divided into 10 major geographical regions and nerve centers. The Illuminists know that all of the governments around the world are destined to collapse soon. They know this because these are planned economic collapses. With the total collapse of the global economy a world wide take over will be enforced thereby creating a Totalitarian Police State.

Whether you believe in a spiritual war or not, you still need Salvation. It is all that will save you when this life on earth is finished.

Do you know beyond the shadow of a doubt where you would go if you died tonight? If not, please consider the following, we pray it's a blessing to you. The Bible says there is only one way to Heaven

Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father but by me." (John 14:6)

Good works cannot save you.

"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast." (Ephesians 2:8-9)

Trust Jesus Christ today! Here's what you must do:

1. Admit you are a sinner.
2. Be willing to turn from sin (repent).
3. Believe that Jesus Christ died for your sins, was buried, and rose from the dead.
4. Upon believing the gospel, God declares you to be righteous and saves you by his grace.

"God so loved the world that He gave His only Son, so that whoever believes in Him should not perish, but have everlasting life." John 3:16.

"For whosoever shall call upon the name of the Lord shall be saved." Romans 10:13

Milton William Cooper

In 1975 Bill Cooper, fresh from military service saw moral decline, depravity, and decay taking hold in the San Francisco Bay Area. But for Cooper, this did not present any evidence of entropy. Things weren't falling apart. On the contrary, everything was working according to a plan, engineered by a shadowy cabal of figures gathered under names like the Bilderberg Group, the Trilateral Commission, and the Illuminati. This was all part of a plan for the subjugation of humanity and for America.

Cooper's past allowed him to claim a kind of credibility for these theories. At the end of the Vietnam War, he had worked in Naval Intelligence, as part of a briefing team for Admiral Bernard A. Clarey. He would later claim that at one point while on the Admiral's staff, he'd gotten a glimpse of a cache of top-secret documents revealing vast government conspiracies against America's citizens. Among the files Cooper said he found in Clarey's cabinet was evidence that JFK had been assassinated but not by Lee Harvey Oswald.

From the late 1980s until his death in 2001, Cooper became one of the best-known and most influential conspiracy theorists. Through his radio broadcast, The Hour of the Time, where he popularized the phrase "Wake Up, Sheeple" informed his listeners of a couple of his conspiracy theories: his JFK theory, and also that AIDS was one of many secret weapons devised by the US government for use against its own people.

Cooper first came to prominence in the late 1980s, through an early Internet message board called Paranet. John Lear, the disinherited son of the Learjet magnate, had been posting conspiracies there. Initially it was the kind of thing no one took seriously, until Cooper appeared from nowhere. With his background in Naval Intelligence, he gave Lear some credibility. When Paranet's moderator Jim Speiser first introduced Cooper to the board, he described Paranet as being "deeply indebted to, and honored by" Cooper's presence.

Soon, Lear and Cooper teamed up. In 1989 they released an "indictment" against the US government, demanding it "cease aiding and abetting and concealing secret information which exists in our borders." They went on to demand that it must "cease all operations, projects, treaties, and any involvement with secret files and information," and ordered "for a full disclosure of all black or black op government operations".

Some had long been suspicious of the U.S. government. Cooper and Lear helped to reinforce this theory that the US government, appropriating their technology against us, were the one's to be feared.

Eventually Cooper and Lear had an falling out, and Cooper accused Lear of being a CIA plant. Cooper then primed the pump for the conspiratorial element towards the government, saying that the government was keeping secrets from its citizens and that this was what really mattered. Cooper soon began arguing that he'd been purposefully misled by the military and that they tried to get him to ignore governmental plans/conspiracies, etc.: such as a coming One World Government (New World Order).

Cooper sought to dramatize the compounding urgency of the moment on The Hour of the Time radio program he broadcast from 1992 until November 2001, where his resonant, sometimes folksy, voice filled the airwaves via satellite hookups and shortwave frequencies.

Cooper then wrote "Behold a Pale Horse". Where he included a chapter on FEMA Camps, in which he states the government had set up various sites around the country (such as prisons, disused train yards or warehouses, and former Walmarts) to be used at the dawn of the New World Order, for the internment of patriots.

The cult status of Cooper's book was only bolstered by the manner of his death in 2001. By the late 1990's, Cooper had stopped paying his taxes. Warrants were issued for his arrest, but the FBI didn't want another Ruby Ridge, so they watched him for years, hoping to catch him off his property. Meanwhile, Cooper began to predict his own death: "They're going to kill me, ladies and gentlemen," he told his radio audience. "They're going to come up here in the middle of the night, and shoot me dead, right on my doorstep." Two months after 9/11 his prophecy came true: a botched attempt by the FBI to draw him out of his compound backfired, leading to a firefight between Cooper and almost a dozen federal agents, in which one FBI agent and Cooper were both killed.

Before his death Cooper told his listeners the "World Trade Center" collapse had begun with a controlled explosion even before the planes hit the twin towers and that this event (9/11) would eventually lead to a One World Government, run by the Illuminati.

The New World Order or One World Government is a goal which posits a major change in the world in which the balance of world power will involve a group or groups of elitist people bent on ruling the world through a single worldwide system of government. The appeal of this New World Order generally lies in its proposal to free the world of wars and political strife, and its promise to eradicate poverty, disease, and hunger.

Now that the Covid-19 crisis is almost over are we being led to a global digital dictatorship? How dangerous was the coronavirus and its variants? Was there really a pandemic? Are the Covid-19 vaccines safe and effective? Do the Covid-19 vaccines create mutations of the coronavirus? Did the coronavirus come from a laboratory? Was the pandemic planned? If so, who was behind it? Can "philanthropists" like Bill Gates be trusted? Is there an overpopulation problem? Is climate change real and is it man-made? What is the "Great Reset" and the "Fourth Industrial Revolution"? Do they pose a threat to us? Do transhumanism and artificial intelligence pose a threat to us? Is 5G dangerous and is there a connection between 5G, health issues and cancer? Are we going to a central bank digital currency (CBDC)? What is the role of secret societies? What is the New World Order and are we on the way to one? These are tough questions that need to be answered!

Bill Gates on eating meat products, "I think all rich countries should move to 100% synthetic beef. You can get used to the taste difference, and the claim is they're going to make it taste even better over time". Also, "Now the people like Memphis Meats they are doing it at a cellular level — I don't know that will ever be economical. But Impossible and Beyond have a road map, a quality road map and a cost road map, that makes them totally competitive".
